

Spring Health Assessment

Created on Jan 08, 2024

40

Total Spring libraries used

OSS Support Status

● Opensource ● Commercial ● Unsupported

Security Vulnerabilities

● None ● Low ● Moderate ● High ● Critical

Upgrade Effort

● None ● Low ● Moderate ● High

Findings

Your percentage of supported libraries will reduce from **100%** to **30%** over the next 10 months.

You have **1 libraries** with security vulnerabilities.

2 of you libraries are likely to require **High engineering effort** to upgrade.

Recommendations

Purchase [Spring Runtime](#) to extend your support until **Jan 08, 2025**, for **40 libraries** which are set to expire in **10 months**.

Upgrade **1 libraries** with identified vulnerabilities.

Get Help

Elevate your development with exclusive enterprise features and commercial Spring support

Discover the power of Tanzu Spring Runtime. Benefit from 24x7 support for the entire Spring ecosystem, and get packaged versions of popular projects tailored for seamless integration with Kubernetes—all built by the core Spring engineering team.

[Learn more](#)

Own your modernization journey

Tanzu Spring Consulting (formerly Pivotal Labs) partners with organizations worldwide to accelerate the delivery of software and modernize legacy apps, while reducing operating costs and risk.

Disclaimer and Known Limitations

Please Read Carefully

This report provides an assessment of the Spring libraries used within your project, detailing support status, security vulnerabilities, and migration efforts. It is essential to understand the scope and limitations of this assessment:

- Our vulnerabilities database is updated every 3 hours. If a new vulnerability appears over that period, it will not be included in the report.
- The vulnerabilities introduced by transitive dependencies do not consider overridden versions through dependency management.
- You do not always require full upgrade to mitigate the vulnerabilities reflected in the report. Sometimes, you can alternatively overwrite a dependency.
- Projects with N/A dates include projects that are run by the community or are not yet supported by the Spring team.
- This service is still in BETA, which means that we can not guarantee a 99.5 availability.

Should you encounter any issues or anomalies in this report not listed above, we strongly encourage you to contact our support team for a detailed review and assistance in working hours.

Support Contact

Email: shar-support.PDL@broadcom.com

For support, reach out to us through the contact options above, and we will be glad to assist you during working hours.
